LAYFLAT ALBUMS

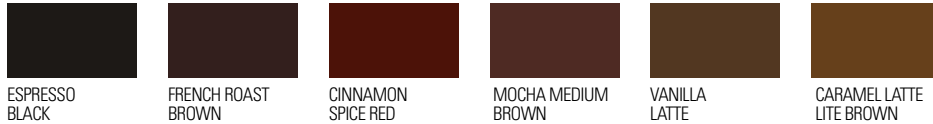

WHAT IS A LAYFLAT ALBUM?

Our Layflat digital albums come standard with our packages. These are premium hard bound fine art books printed with vivid and bold Archival inks with a Matte finish that will last generations. The true lay flat binding allows for panoramic spreads with no cuts in the print. The albums come in a beautiful presentation box with matching cover and plush felt lining to protect your album.

COVERS

Our covers come in either a full image wrap over the front and back cover or elegant leather with 6 colours to choose from. The image wrap option is printed on Matte paper, coated with a gorgeous crystal laminate which hides fingerprints and won't fade or yellow. You can also emboss on the front cover of our leather option for that finishing touch.
